**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 30 JUNE 2019**

NOTE 1 - REPORTING ENTITY

GPS Alliance Holdings Limited (the 'Company') is a company domiciled in Australia. The condensed consolidated interim financial statements of the Company as at and for the half-year ended 30 June 2019 comprise the Company and its subsidiaries (together referred to as the 'Group'). The Group principal activities in the course of the half-year ended 30 June 2019 were the provision of real estate services.

The consolidated annual financial statements of the Group as at and for the year ended 31 December 2018 are available upon request from the Company's registered office at Suite 904, 275 Alfred Street, North Sydney, NSW, 2060, Australia or at www.gpsalliance.com.au.

NOTE 2 - BASIS OF PREPARATION

The half-year financial report is a general purpose financial report prepared in accordance with the Corporations Act 2001 and AASB 134 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

The condensed consolidated interim financial statements do not include full disclosures of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 31 December 2018 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001* and the ASX Listing Rules.

The condensed consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Singapore dollars, unless otherwise noted.

The company is a company of the kind referred to in ASIC Class Order 98/100, dated 10 July 1998, and in accordance with that Class Order amounts in the half-year financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's 2018 annual financial report for the financial year ended 31 December 2018.

The condensed consolidated interim financial statements were approved by the Board of Directors on 29 August 2019.

NOTE 3 - GOING CONCERN

The financial report has been prepared on a going concern basis, which assumes continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

As at and for the half-year ended 30 June 2019, the consolidated entity had accumulated losses of S\$10,570,000 (30 June 2018: S\$9,652,000), net cash outflow from operating activities of S\$237,000 (30 June 2018: S\$12,000).

**GPS ALLIANCE HOLDINGS LIMITED
AND ITS CONTROLLED ENTITIES**

**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 30 JUNE 2019**

NOTE 3 - GOING CONCERN (CONT.)

The ability of the Company and the consolidated entity to continue as going concerns is dependent upon the successful timely completion of the following events / plans that have been put in place by Management:

- The consolidated entity is working to improve the underlying profitability and cash flows of the business;
- The continued expansion of the real estate division that recommenced operations in year 2019;
- The consolidated entity continues to seek suitable merger and acquisition opportunities and/or strategic alliances to strengthen its existing businesses and to develop other cash flow opportunities from the delivery of services or products;
- The consolidated entity has a history of successful share placements and capital raisings to improve its cash position when they have been required;

At the date of this report and having considered the above factors, the directors are confident that the consolidated entity will be able to continue as a going concern.

However, if the Company and consolidated entity are unable to obtain the additional and continuing financial support of their financier and successfully complete the plans referred to above, significant uncertainty would exist as to the ability of the Company and the consolidated entity to continue as going concerns and, therefore, whether they will be able to realise their assets and discharge their liabilities in their normal course of business.

The financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts nor to the amount and classification of liabilities that might be necessary should the consolidated entity not continue as a going concern.

NOTE 4 - CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year or in the year of the revision and future years if the revision affects both current and future years.

Critical judgements in applying the Group's accounting policies

Management is of the opinion that there are no instances of application of judgements expected to have a significant effect on the amounts recognised in the financial information.

FOR THE HALF-YEAR ENDED 30 JUNE 2019**

**NOTE 4 - CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY
(CONT.)**

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting year, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below:

a) Allowance for doubtful debts

The Group makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. Allowances are applied to trade and other receivables where events or changes in circumstances indicate that the balances may not be collectible. The identification of doubtful debts requires the use of judgement and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of trade and other receivables and doubtful debts expenses in the year in which such estimate has been changed.

b) Useful lives and residual value of plant and equipment

The Group reassesses the estimated useful lives and residual values of plant and equipment at the end of each reporting year. Management is satisfied that there is no change in the useful lives and residual value of the plant and equipment from prior year.

FOR THE HALF-YEAR ENDED 30 JUNE 2019**

NOTE 5 - RELATED PARTY TRANSACTIONS

Some of the Group's transactions and arrangements are with related parties and the effect of these on the basis determined between the parties is reflected in these financial statements. The balances are unsecured, interest free, repayable on demand and expected to be settled in cash unless stated otherwise.

During the period, the Group entered into the following transactions with related parties within the group:

	30 June 2019 S\$'000	30 June 2018 S\$'000
Management fee	29	-
Other	14	16

NOTE 8 - OPERATING SEGMENT INFORMATION

Products and services from which reportable segments derive their revenues

The Group has identified its operating segments based on the internal reports that are reviewed and used by the board of directors (the chief operating decision makers) in assessing performance and determining the allocation of resources. The Group is managed primarily on a geographical basis, which involves the property development and real estate services in the Republic of Singapore. Operating segments are determined on the basis of financial information reported to the board which is at the consolidated entity level.

Accordingly, management currently identifies the Group as having only one reportable segment, being real estate services with no property development carried out during the reporting period. The financial results from this segment are equivalent to the financial statements of the consolidated Group as a whole.

NOTE 9 - EVENTS AFTER THE REPORTING PERIOD

There has not been any other matter or circumstance occurring subsequent to the end of the half-year that has significantly affected, or may significantly affect the consolidated entity.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the Directors of GPS Alliance Holdings Limited

Report on the Consolidated Interim Financial Report

We have reviewed the accompanying half-year Consolidated Interim Financial Report of GPS Alliance Holdings Limited, which comprises the statement of financial position as at 30 June 2019, and the statement of profit or loss and other comprehensive income, statement in changes in equity and the statement of cash flows; for the half-year then ended, a summary of significant accounting policies, other selected explanatory notes and the declaration by those charged with governance.

The Directors Responsibility for 30 June 2019 Consolidated Interim Financial Report

The Directors of the Consolidated Group are responsible for the preparation and fair presentation of the half-year Consolidated Interim Financial Report in accordance with *Accounting Standard AASB 101* and the *Corporations Act 2001* and for such internal controls as the directors determine is necessary to enable the preparation of the half-year financial report to be free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Consolidated Interim Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standards on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, anything has come to our attention that causes us to believe that the financial report is not presented fairly, in all material respects, with the Corporations Law 2001. As the auditor of GPS Alliance Holdings Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the review of the financial report.

A review of a half-year financial report consists of making enquiries, primarily of the persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Australian professional accounting bodies.

Material uncertainty related to going concern

We draw your attention to Note 3 'Going Concern' of the financial report, which indicates the Group has prepared the financial statements on a going concern basis and believe that the Group is able to discharge their liabilities in their normal course of business.

In consideration of the Group's assessment of going concern we have reviewed the cash flow forecast provided to us and note that the ability of the Group to discharge their liabilities in their normal course of business is reliant upon the raising of capital and through operating activities.

The cash balances are of itself not sufficient to discharge the Group's liabilities and cast uncertainty that the Group can continue as a going concern.

Our opinion is not modified in respect of this matter.

Basis for Qualified Opinion

The Group sold its subsidiary Probuild Pte Ltd to Global-Allied Pte Ltd. The result of this sale was that assets were acquired and liabilities were assumed by the purchaser. In addition, the Group has leased premises from the purchaser for 70 months.

As a result of the transaction, a receivable has been recognised in the Groups' financial statements of \$1.765 mil. Initially, the receivable has been repaid by the Group accepting reductions in this receivable in lieu of paying rent under the lease.

We have been unable to obtain sufficient and appropriate audit evidence to confirm the collectibility of the receivable.

Conclusion

Based on our review, which is not an audit, except for the possible effect of the matter described in the Basis of Qualified Opinion above, nothing has come to our attention that causes us to believe that the half-year financial report of GPS Alliance Holdings Limited does not present fairly, in all material respects including:

- i. Giving a true and fair view of the entity's financial position as at 30 June 2019 and of its performance for the financial half-year ended on that date; and
- ii. Complying with Australian Accounting Standards AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.
